

# 2017 Ford County Fair

## Demolition Derby

Saturday, July 1st 2017 at 6:00 PM PITS open at 2:00pm

Ford County Fairgrounds Melvin, Illinois

Entry Fee is \$30.00 for Cars and Trucks & Vans

**\*\* Special event entry is \$50.00 Rules listed separate \*\***

\$ 20.00 Pit Passes Available

Contact: The superintendent Barry Schlickman after 5:00 PM with Questions.

217- 840-0299

---

- All participants may pre-enter and pre-pay by calling the superintendent at 217.840 0299 after 5:00 PM. Or pay the day of the derby.
- All cars must be removed by 8:00 am of the morning following the derby or they will become property of Fair association.
- Judges decisions are FINAL! All cars will be inspected the same. Any infractions, of any rule, will deem that car illegal, and it will not be allowed to compete! Cars may be inspected at any time, before, during, and after competitions. If the vehicle is found to be illegal, it and the driver will be disqualified! **"NO REFUNDS"**!
- All cars must be pulled into the pit area and then the inspection team will be around to inspect the cars. Trucks will be inspected on the trailers and pit east of the track.

NO NEW INSPECTIONS AFTER 1 ST. GREEN FLAG FALLS.

# Rules and Regulations for the Full build Class and Trucks and Compacts ARE BELOW

- All rules and procedures will be followed at all times or you will not run!
- Any American made sedan or station wagon can be run. No 1973 or Older Imperials or Imperial sub-frames, 4x4's, ambulances, hearses, trucks, limousines, commercial vehicles, etc. Pre 1970's Lincolns will be required to cut and /or drill holes in frame for inspection or scope.
- All bodies must be mounted on stock frames. No frame swaps. (Example: 67 Imperial sub-frame on a New Yorker)GM Wagons- sedagons are ok!!
- Drivers must be 16 years old or older to compete. Drivers 16-17 will be required to have a parent or legal guardian to sign a minor's release form.
- Driver must wear seat belt and helmet, along with eye protection at all times when operating vehicle. We recommend a securely mounted fire extinguisher within reach of driver.
- All drivers must attend the drivers meeting. Meeting will be prior to start time.
- DO NOT hit in the driver's door. Sometimes this happens, but if it looks intentional or careless, you will be disqualified. Do not use your door as a shield; it may cause you to be disqualified.
- No Hot-Roding in the pits, keep it at an idle. Any excessive or erratic driving will get you disqualified and possibly removed from the premises.
- Any open door or fire will cause disqualification if deemed a safety hazard. If in heat, you may fix it and come back in the consolation if you have finished high enough to transfer, car count will determine number of transfer positions.
- Arguments, Whining, Sandbagging, Team Driving, Hit and Hold tactics, or improper displays will get you removed and possibly barred from any further competitions held by us! We will not tolerate any disruptive behavior.
- Absolutely NO alcohol in you, on you, or with you will be allowed!
- Cars are subject to re-inspection before any money is handed out. Top 5 will be inspected after feature event. If a car is found to be illegal the money will go to the next finisher (example: 1<sup>st</sup> place illegal=2<sup>nd</sup> place will be awarded the win, 3<sup>rd</sup> to 2<sup>nd</sup> etc...)
- Any controversies will be taken up at the drivers meeting or with an official in the pit area. If you have a concern report to the Judge's stand and ask available official to discuss a resolution to the problem. Do not get out of your car in the arena at any time unless safety is an issue such as fire, or when directed by an official, failure to comply may get you barred from this and future events. Drivers only to discuss concerns with officials.
- No car may run in final event that has not run in a heat.
- No profanities may be placed on any part of the car where it may be visible to the fans.
- All drivers' doors must be painted in a contrasting color to the body color and have a number.
- Any questions give us a call! If it does not say you can do it, do not do it Call First.
- Judges decisions are final.
- All cars must have numbers on both sides of vehicle, also must have at least a 15 x 15 roof sign with numbers on both sides. Sign is optional.
- All glass, plastic and pot metal must be removed. Nothing may remain in the bottom of the doors or trunks. All outside hardware must be removed (door handles, mirrors, chrome, molding, screw, fiberglass, rear seats, Station Wagon Decking, etc.)

- Front seats must be securely mounted to the floor, however if you are using bolts to secure the seat, they may not go thru the frame. Must have some form of an operable seat belt. We recommend padding for protection inside the driver's door.
- All flammable materials inside the car must be removed except necessary safety padding and seat.
- Radiators must remain in stock position. Transmission coolers optional. NO engine oil coolers.
- All hoods will be open for inspection.
- Stock gas tank must be removed and replaced with a tank inside the car with a six gallon maximum. The gas tank must be tightly secured and covered with a protective firewall.
- Batteries must be moved inside driver's compartment and must be secured and covered.
- Driver's doors may be welded solid. All other doors can be welded with a six inch weld, then a three inch gap (NOT SOLID). Tailgates on wagons must be wired or bolted, no welds. Tailgates on trucks may be welded with a six-inch weld, then a three inch gap (NOT SOLID).
- Hood, trunk, and tailgates may be fastened with six ¾ inch bolts or six places with #9 wires. Must be outboard of radiator. Must use either bolts or wire, not a combination of the two. Cannot go through the frame. Additional wire may be used but must be from sheet metal to sheet metal. Total of 15 bolts in hood or trunk max to hold inner panel to outer max 3/8 bolts or wire.
- >Trunks can now be welded 6" on 6" off. Just not solid<
- Any tire must not exceed 16.5
- Body bolts can be replaced with up to ¾ inch bolts, 5"x5" washers. Seam welding is allowed. Leaf spring conversions are allowed, eight springs maximum.
- Four-point cages are allowed. NO kicker bars forward or backward from cage allowed. Vertical bars must go straight down. Cage not to exceed six inches behind seat. NO bars outside of car. Gas tank protectors are allowed, but no bolting or welding it to the package tray. Cage highly recommended.
- NO plating or reinforcing of any part of the frame or core support. NO painting or undercoating of frame.
- Cars without headers through hood must have two eight-inch holes on each side of carburetor.
- Fans may be removed.
- All air-conditioning compressors must be removed.
- More than one car can be entered by the same entrant.
- Can use two batteries.
- Flag rules will be explained at driver's meeting.
- White flag or stick must be brought down if disabled.
- Air bags must be removed
- BUMPERS Welded up bumpers or 4x4 bumpers with a skin but must be like a passenger car.
- Aftermarket or homemade Distributor protector, slip driveshaft's, rear ends, steering columns accelerator peddles, and engine cradles are all OK.

\*\*\*\*\* TRUCKS and COMPACTS ONLY\*\*\*\*\*

Compacts may be any make 4 or 5 lug wheels, 4 or 6 cylinders, and 107-wheelbase max.

- Limit on tubing to mount bumpers on trucks and compacts to 8 inch total length 4 inch inside 4 inch outside max. May weld both front doors solid –rear doors 6 on 3 off apply. Same as Fisher and Champaign and Villa Grove.
- Any protests should be made prior to the feature. After the feature begins, it is too late.
- Protest may be made by the Driver only!!

# 1980 and Newer Stock Wire Class Rules

## Ford Country Fair

### Mini vans can use these rules as well.

1. Cars will remain ALL STOCK except where noted.
2. May change front and rear bumpers 4x6 square tubing is also allowed. Bumpers can have seams welded and stuffed.
3. Stock body bolts and bushings, stock steering column, stock rear end, stock suspension, Stock body lines, may cut wheel wells for clearance only. No tucking, pre-bending or creasing. If a body bolt is rusted off a hole can be cut in the body next to the bolt location and have 2 strands of #9 wire thru the bolt hole and cut hole and twisted tight to act as a bolt. One side of the wire loop must go through the fume access location. QUESTIONS ASK PLEASE!!
4. May change engine and transmission with a carbureted/older engine but they must be same make as car GM-GM, FORD/FORD CHRY-CHRY Automatic transmissions only No 3 or 4 speeds. 1980 or newer rear end must remain stock. No 9 inch Fords, no bolt in axles in GM's, no Dana 60's in Chryslers.
5. The only welding allowed will be the bumpers to the frame, pipe behind the seat or cage 6" each side for the tranny cross member and rear end spider gears. Weld bumper to frame only-no plates or gussets. You may weld the driver's door for safety.
6. Box style cage will be allowed with no kickers or any posts going to the floor, Box only no additional cross braces of any kind inside box cage. 6" C-Channel max on doors with 5" max diameter pipe may be used for box cage. C-Channel may not be longer than 60" and seat bar must be within 6" of seat. **Rollover bars are allowed but cannot be welded or bolted to the roof.**

7. Must move battery and gas tank inside car, both must be securely mounted and covered.
8. Any tire up to 16". Stem protectors OK.
9. All doors must be wired or chained shut (3/8 max chain) in at least four places. Unlimited amount of wire may be used to hold doors shut. No wire across car (for holding doors shut only).
10. Hood and trunk may be wired only in 6 spots max. There may be 2 additional spots of wire added going from core support to front bumper outboard of radiator. The same goes for the back. Two spots only.
11. Must have wire or chain from cowl area to roof in windshield opening to protect from hood coming in car.
12. Stock Type driveshaft's (no slip shafts or aftermarket yokes). No Chain anywhere but the doors allowed.
13. Safety and conduct rules will apply with other classes.

The only non-stock/aftermarket components allowed will be HEADERS, SHIFTERS, TRANS. COOLERS, and FUEL TANKS AND TIRES.

**If there is a question please Call Barry Schlickman.**
